AbfjQ` Abm̄ti c̄Zer` x Mb eiveeti 24-05-2009 Zwi tL wbgwz L Rule Nisi Rvi x Ktib t

'Let a Rule Nisi be issued calling upon the respondents to show cause as to why a direction should not be given upon the respondent nos. 9, 10, 12- 14 to demarcate the original territories of the River Buriganga, Turag, Balu and Shitalakkha, through survey by a special team and restoring the said rivers to their original condition and why all the respondents should not be directed to protect rivers namely, Buriganga, Turag, Balu and Shitalakkha from illegal encroachments and earth filling and/or such other or further order or orders passed as to this Court may seem fit and proper.

The Rule is made returnable on 1.6.2009.

Let the respondents be directed to take immediate appropriate steps to stop further illegal earth filling encroachments by different means and construction of temporary and permanent structure/building in the rivers, namely, Buriganga, Turag, Balu and Shitalakkha, till disposal of the Rule.

Let a copy of this Rule be served upon the learned Attorney General of Bangladesh for his information and necessary steps in this regard. Since the matter is of great public interest let the notices are served through special messenger at the cost of the office of Registrar. Requisites be put in at once."

Inland Water Transprot Authority Rules, 1959, G Inland Water Gi msAv^r ibgic t

“Inland Water” means any canal, river, lake or any other navigable Water in
Bangladesh.”

G c^oth^r The Port Rules, 1966, G e^v3 ibgaj^oLZ mewa,ij c^oAvbthwM^r t

“bed of a navigable waterway” is that portion of the soil and sub- soil which is
habitually covered by the waters of a navigable waterway and extends to the
high water-mark on both banks of a navigable waterway. It includes any area
defined hereinafter as foreshore;

“Foreshore” means that sub-soil which lies between the high-water-mark and low-water-mark.

“high-water-mark” means a line drawn through the highest points reached by ordinary spring tides at any season the year.

“low-water-mark” means a line drawn through the lowest points reached by ordinary spring tides at any season the year.

“bank” means land which confines the waters of a water-way in its channel or bed in its whole width and extend above high-water-mark.
